

Checklist before sending Share Certificates for your account

If you wish to add shares you hold at home as Certificates onto your account with us, you need to fill out a Crest Transfer Form for each line of stock and send them to us special delivery with the Certificates. Please complete the attached Crest Transfer Form, one per line of stock. If you have a Certificate for Warrants and a separate Certificate for Ordinary shares, then complete one for the Warrant Certificate and a second form for the Ordinary Certificate. **We do not charge for depositing shares.**

Please make sure that you have checked the following BEFORE you post certificates or transfer forms to us to lodge onto your account;

1. That the Certificate is in the account holder's name.
2. That you have signed one CREST transfer form per line of stock.
3. Please fill in the rest of the form as shown on the example from the certificate.
4. If the certificate is different please ask the Registrar for a new certificate or check that the old one is valid under a different name or different amount of shares and do not send the incorrect one to us.
5. If the holding or name of the company has changed and the old certificate is still valid please note the changes on the certificate in pencil.

Finally, you must ensure:

- 6. That you have checked with the company Registrar that each certificate is valid and that the certificate is for the correct number of shares you wish to deposit.**

Certificate's that are not valid will be rejected by the Registrar and they may also charge you for the rejection and this will therefore cause a delay before you can trade on that share. If you are in any doubt that your certificate(s) may not be valid then contact the Registrar on the certificate to check before posting them to us.

As these are your proof of ownership of the shares please post them to us special delivery to:

131 Finsbury Pavement,

If you have any questions please email StockDeposits@hbmarkets.com or telephone 020 7382 8300 and ask for Settlements.
